Is Highest Since He's In Office

Suggests \$25,400,000 Increase in State Aid, and 'Rainy Day' Fund of \$86,400,000

Big Surplus
Wants Half Billion To Be Used Mainly to Pay for Public Works

By HENRY LEADER

Albany, N. Y., Jan. 31 (AP)—Governor Dewey presented to the legislature today a \$555,000,000 budget, the highest since he assumed office, and advocated expenditure of a billion dollars in public works.

Only a handful of legislators were in their seats to hear the governor's budget message, which recommended tax cuts of \$122,000,000, a \$25,400,000 increase in state aid to localities and establishment of "rainy day" reserve funds of \$86,400,000.

The 1946-47 estimate calls for appropriations of \$48,700,000 in excess of the total outlay for 1945-46.

One section provides for local assistance, amounting to \$301,000,000, and the other for regular state purposes, aggregating \$243,000,000. The remaining \$110,000,000 is earmarked for special and supplemental bills.

Dewey reported the state's surplus approximated a half-billion dollars including \$177,000,000 accruing in the current fiscal year ending March 31. He advocated a long-term public works program costing an estimated billion dollars and urged that most of the half-billion savings be employed to help finance the projects.

"In accordance with the requirements of the time," Dewey declared, "this budget provides for the improvement and expansion of the state's highway system, recreational facilities, educational services, aids to housing, services to veterans, care of the sick and needy, and its many other functions as well as the improvement of employment within the state."

Tax Yields
Business conditions warrant the expectation of tax yields as great next year as they were in the last 12 months, Dewey said.

The governor's budget for the present fiscal year was \$369,500,000. This figure did not include the amount distributed by the state in shared income tax.

The new budget includes for the first time all revenue collections and appropriations to municipalities, in accordance with the Moore commission plan for stabilization of municipal revenues. Bills to effectuate the commission's program were introduced with the budget measures.

In addition to the \$301,000,000 recommended for local assistance, Dewey asked that \$7,000,000 be reserved for increased public health services to the state's subdivisions.

Increased help to localities is proposed through a change in the system of state aid. Under the Moore commission plan, the state will give localities an amount of shared taxes, a fixed amount annually on a population basis. The per capita rate for cities is \$6.75, for villages \$3.55 and for towns \$3.10. Moreover, the state, with some federal help, will reimburse localities for 80 per cent of their welfare costs.

More Local Assistance
"These proposals for local assistance are \$25,400,000 greater than they would be if we were not to change our formula," Dewey said, "and \$20,900,000 greater than the current year."

Forman Pleads Innocent Today On Sugar Charge in New York

Ulster Democratic Boss Held in \$1,000 Bail; Scheduled Hearing February 28th

Joseph Forman, Ulster county Democratic chairman, pleaded innocent to an indictment in connection with the illegal diversion of more than a million pounds of sugar, when arraigned before Federal Judge William Gandy today in New York city.

Four of the six individuals and two corporations previously indicted with Forman, also entered pleas of not guilty. Pleadings for two defendants were postponed until next week.

Bail was set at \$1,000 for Forman and his hearing has been scheduled for February 28. The indictments charged that the county Democratic chairman received \$1,450 from Harold Gottfried and George Long and that Forman paid \$500 to Stanton to falsify O.P.A. reports.

Others Plead Guilty

Those pleading innocent beside Forman were William T. Stanton, 46, of Kingston, former investigator of the Albany O.P.A. office; Joseph A. Chambers, 50, of Troy, co-owner of the Seven-Up Bottling Company of Troy; Maurice Gottfried, 36, president of the Hanscom Bakery Corp. of Queens, and Harold Gottfried, a brother, president of the Pure Rock Mineral Springs Corp. of Ellenville, N. Y., and the Hanscom and Pure Rock Corporations.

Bail of \$1,000 each was set, although Assistant U. S. Attorney Louis Bender requested \$1,500 bail for Chambers and \$10,000 bail for Harold Gottfried.

Defendants whose pleading was postponed are George Long, 41, of Chicago, former president of the Pure Rock Corp., who is scheduled to appear next week, and John M. Joyce, Jr., 36, co-owner of the Joyce Seven-Up Bottling Company of Troy, who will plead February 7.

February 21 was set for trial for Maurice Gottfried and the Hanscom Bakery Corp.; February 28, for Harold Gottfried, Stanton and the Pure Rock Corporation, and March 15 for Chambers.

Two Trucks, Concrete Mixer Are in Collision

Two trucks and a concrete mixer were damaged in a crash on the Broadway hill Wednesday, according to reports filed with the police department. The police report said that Henry Schoonmaker of Katonah, was driving a truck owned by Lyman Schoonmaker of Hurley, by the mixer being towed behind, up the Broadway hill, when a chain on one of the wheels of the truck broke.

While the chain was being repaired a truck driven by Joseph Buse of Hurley, proceeding up the hill and tried to pass between the mixer and the parked cars on the other side of the street. As a result two trucks and mixer were damaged, but no personal injuries were reported.

Two Contingents Leave Kingston on Friday

Kingston's draft board on Friday will send two contingents to the army induction center in Albany. One contingent of 12 men will be for immediate induction into the armed forces, and the other 15 men for pre-induction examination. All of the men in both contingents are in the 18 year old groups.

The men for the armed forces will assemble in the office of the draft board at the Central Post Office building at 9:30 o'clock that morning for roll call, and final instructions.

Lively Bidding For R. C. A. Plant In Saugerties

Several manufacturing firms have made inquiries regarding the lease of the former R.C.A. plant in Saugerties, but the building has not been taken over by any organization, Knaust Brothers, proprietors, told The Freeman today.

Representatives of several manufacturing and business concerns have inspected the setup since it was vacated by the R.C.A. Despite the lively bidding, Knaust brothers said it would be several days before a transaction would be completed for a new business to take over. R.C.A. used the building as a radio tube assembly factory during the war.

Local Group Bids

Among the concerns who have shown an interest in the factory site is the Kingston Footwear Corporation which recently entered into a lease for the use of the former Emerick bowling alleys on Albany avenue as a shoe factory.

The owners of the factory building have had "several inquiries" about the plant but this morning it was stated "no definite lease" had been negotiated. Among those who have inquired about the plant, it was stated, was a representative of the Kingston Footwear Corporation which is now awaiting decision by the Common Council of Kingston as to whether the former bowling alleys located at 482 Albany avenue will be changed from the business zone to the industrial zone.

The factory building at Saugerties is a four-story brick building adapted to manufacturing purposes. It was formerly occupied by the Saugerties Manufacturing Company and some years ago was sold to the Knaust Brothers, who for a time used it for the business of growing mushrooms. When the R.C.A. took the plant over under lease during the war the structure was materially improved. Elevators were installed, a modern cafeteria and recreation room were designed and the building was generally overhauled and remodeled. It has been reported that close to \$90,000 was spent modernizing the plant and placing it in shape for occupancy.

Mrs. E. M. Gunderud Found Frozen in Gas-Filled Home

Mother-in-Law Visiting Lincoln Street Woman Finds Body; Coroner Blames Gas

The body of Mrs. Edith M. Gunderud, 48, was found frozen stiff in her bed on the second floor of her gas-filled home at 84 Lincoln street, shortly after 5 o'clock Wednesday evening by her mother-in-law, Mrs. Gertrude Gunderud, of High Falls, who had called at the home to visit the younger Mrs. Gunderud.

Gas that filled the house flowed from four open jets on the gas stove in the kitchen on the first floor, the police said.

Witnesses Verdict

Coroner Ernest A. Kelly, who conducted an investigation, announced that death was due to gas poisoning, but that he would not announce a verdict until he had completed his investigation.

The dead woman is the wife of Henry Gunderud, 48, of the West

Streamlined Laws Highlight Dewey's Welfare Proposal

Cities and Counties Get Several Options in Move to Consolidate Relief

Albany, N. Y., Jan. 31 (AP)—The program for modernization of local welfare administration, enactment of which was requested of the legislature by Governor Dewey today, provides these optional plans for cities and counties.

A city, not already in a central county welfare unit or not a city public welfare district in itself, may:

Contract with the county for the county to administer those forms of welfare now administered by the city.

Establish a city service officer to act as agent for the county in receiving applications for aid from residents of the city.

Arrange with the county to administer all welfare programs, with the city's share of the cost charged by the county on the county tax levy, maintaining a city service officer if desired.

Continue city administration, with the city acting as agent for the county in welfare services currently administered by the county within the city.

Appoint a welfare officer to act as agent for the county in receiving all welfare applications. He would authorize home relief and hospitalization only.

Adopt any other plan of completely integrated service approved by the State Social Welfare Department.

Create a city public welfare district (permissible only in cities of 50,000 or more, although other cities may do so with legislative authorization).

County Options

A county may:

Continue the present county unit basis of administration.

Red Cross Group On Publicity for 1946 Drive Meets

County Quota Is \$46,000 Mrs. J. Craig Reports; Various Phases Are Discussed

Ulster county's quota for the 1946 Red Cross drive will be \$46,000, a sharp reduction from last year's all-time peak of \$106,000.

Mrs. Joseph Craig, chairman of the drive, told the campaign publicity committee last night at an informal luncheon in the Stuyvesant.

Using a short, intensive campaign, Mrs. Craig said that the county drive would extend from March 1 to March 15. The national Red Cross campaign will extend through the month of March this year.

While the American Red Cross has completed the most stupendous war-time task in its history, the need for funds to continue morale and welfare activities among American occupation troops all over the world still remains acute. Other large sums will be needed to maintain Red Cross work in veterans recuperation and convalescent centers, Mrs. Craig said.

George Hard of Ulster Park publicity chairman for 1946, presented plans for an intensive drive this season and enthusiastically predicted that the county quota would be oversubscribed.

Members of the publicity committee who attended last night's meeting were Mr. and Mrs. Milton Wagoner of Woodstock; Mr. and Mrs. George Hard of Ulster Park; Henry P. Highmyer, Mrs. Joseph Craig, Robert Case, Louis Stickette, Thomas Murray, Walter Hirschler, Joseph Kelly, Dick McCarthy and Charles Tibbo.

Publicity chairman Hard appointed several committees to map plans for the various features of the drive. Robert Case, who was motion picture chairman for the March of Dimes, will serve in a similar capacity for the Red Cross drive.

Louis Stickette will be in charge of radio features. A three-man committee of Thomas Murray, Dewey Quick and George Ferry will co-ordinate industrial publicity and conduct the drive among factory workers.

3-Inch Snowfall In City Yesterday

Rain, Hail Late in Day Covers Streets, Walks With Icy Coating

Flurries of snow during the early morning hours Wednesday in Kingston were followed by a three-inch fall during the afternoon. Early that evening as the temperature became more moderate the snow storm changed to rain and hail.

Although the city's snow plows did not operate, sanding crews were ordered to sand the slippery hills and street intersections.

Temperatures Wednesday afternoon and last night hovered in the 30's, while at 7 o'clock this morning a temperature of 32 degrees was recorded by the official thermometer.

The lowest temperature recorded yesterday was 15 degrees.

Eleanor Hutton Washburn Dies in This City Today

Eleanor Hutton Washburn, daughter of the late William Hutton and Jane Kerr Hutton, and widow of the late George Washburn, died this morning at the Governor Clinton Hotel.

Mrs. Washburn's lifelong residence in Kingston, she was a generous supporter of a broad list of charitable and civic organizations. She made possible the erection of the Nurses Home at the Ulster County Tuberculosis Hospital in memory of her father. For many years she had shown a deep interest in the welfare of St. John's Episcopal Church, of which she was a member. She had served as a member of the board of governors of the Industrial Home of this city and as treasurer of the board.

Since the incorporation of The Hutton Company in 1897, Mrs. Washburn had been a member of its board of directors; and for the past 25 years she was an officer of the company.

Eleanor Washburn was a woman of ready sympathies. Her sympathies were for the distressed and needy of many individuals in the community attested to the warm humanity of her character.

Agreement Hints British May Share Jap Occupation

Washington, Jan. 31 (AP)—Plans for British Commonwealth forces to take part in the occupation of Japan were made public today. The terms are set forth in an agreement between the United States and Australia, acting on behalf of the Commonwealth.

Under the force will be drawn from the United Kingdom, Australia, New Zealand, and India with Lt. Gen. J. Northcott of Australia serving as commander in chief under the supreme command of Gen. Douglas MacArthur.

The agreement was reached as the result of an invitation extended by the United States to Britain, China and Russia. China expressed willingness but said that she was not in a position to share in the occupation at this time. Russia has not accepted.

In a statement accompanying today's announcement, MacArthur said the presence of the Commonwealth forces "will materially broaden the base along international lines of a burden which, up to this time has, of necessity, been carried to a large extent unilaterally by the United States."

Skirmishes in Java
Batavia, Jan. 31 (AP)—Minor clashes between British patrols and Indonesian nationalists forces were reported today from the Soerabaja and Semarang areas, but elsewhere in Java the military situation remained quiet.

Chilean Labor Cancels Nation-Wide Walkout

Santiago, Chile, Jan. 31 (AP)—Chilean labor cancelled a nation-

wide protest strike today after the government promised to lift a state of siege proclaimed Monday night as the result of a clash in which several labor union members were killed.

The work stoppage, which began yesterday morning with 300,000 workers participating, was called off on orders of the Chilean Workers Federation when the Chilean cabinet issued a statement assert-

ing that the need for the state of siege would no longer exist if the strike were ended. Referring to the northern nitrate fields, seat of the trouble which brought about the Monday

night labor meeting at which five, and possibly eight, persons were killed by police gunfire. The statement called for an "urgent solution within the next few hours" and for restoration of the legal

status of striking unions dissolved by the government two weeks ago. The U. S. National Income for 1945 was estimated at \$156,000,000,000.

Firms Exhibit Products Here in Growers' Show

Commercial Products Are on Display During Horticultural Event at Auditorium

The educational and commercial exhibits in connection with the Kingston meeting of the Horticultural Society are again being housed in the municipal auditorium. Secretary Roy P. McPherson, said that they hoped that by next year the society would be able to return to the more spacious State Armory for its meetings and exhibits.

ROASTS COOKED WITH GULDEN'S MUSTARD

machinery has been completely missing from the exhibits, for a number of reasons—one being that it was unobtainable. There was a trace of slight improvement in 1945 and it continues this year.

Some of the Exhibits
L. Herring & Sons of Ulster Park and Schmidt Bros. of Highland show spraying machines and the DeLaval Co. shows a large spray cooler, freezing units, in addition to separators, milking machines, condenser and other items. Other larger articles shown include a carrier and elevator for fruit packages, a cleaner and polisher, a large tractor, pumps.

The Duffy-Mott Co. has a display featuring canned apple products, including juices and jellies. Numerous nursery firms show trees and plants and there are a number of displays of dusts, sprays, and the like for fruit growers.

D.D.T. Hard on Bees
Rowe's Apiaries have an attractive display, featuring honey in different forms and other bee products, such as wax and wax candles. A swarm of Italian bees is at work. A bulletin indicates that there is a little difference between the honey producer and the fruit grower when it comes to a question of use of D.D.T. It shows bees in their last throes from a dose of the powerful insecticide, with the statement that it kills useful insects as well as harmful ones. It is claimed that D.D.T. kills a bee in one-third of the time it takes to kill a mosquito.

The Geneva-Cornell exhibit occupies the stage. Displays call attention to the value of soil and moisture conservation, the value of certain sprays for bloom and the effects of using nitrogen fertilizers on apple trees. The only apples in sight are several small baskets used in this latter demonstration. The display shows that where a yield of 3.6 bushels of apples was received where no nitrogen was used, a yield of 6.1 bushels was gained by the application of five pounds of nitrogen to the tree.

Public Welcome
The fruit displays by the boys are again missing, as they have been for several years. Since the exhibit left the State Armory, the public generally is welcome to the exhibit at the auditorium. There is no admission charge. The Eastern meeting continues through Friday, with adjournment Friday afternoon.

Friday, with adjournment Friday afternoon.

GIRLS TO GET ADVICE
Advice to discharged servicewomen will be supplied by an advisory bureau established by the Y.W.C.A. in Sydney, Australia. Many girls leaving the services become confused by the re-entry into civilian life and are in need of expert personal advice about their futures. Y.W.C.A. executives have found and Mrs. A. Keary, head of the new service, will act as liaison between these girls and the government departments of Manpower, Repatriation and Rehabilitation.

NAZI BASE USEFUL
The Germans built a submarine base at La Pallice—La Rochelle, in France, and left it intact. Now the French are planning to use it as a marine construction yard. Paris reports. The base is almost indestructible and has electrical installations and workshops of enormous value. The lock chamber is not so great a hindrance as originally believed, for it can admit landing craft tanks into the basin.

In washing glasses that have contained milk, do not use warm water as it will coat the glasses. Use a tumbler with cold water and rinse with lukewarm.

Hi, Men! HERE'S SOMETHING FOR YOU!

Look, gang, do you have trouble starting the car during cold weather—get out there in the morning, kick the thing around and nothing happens? Most likely you run the battery down and, at the same time, run out of language. This shouldn't happen to a dog!

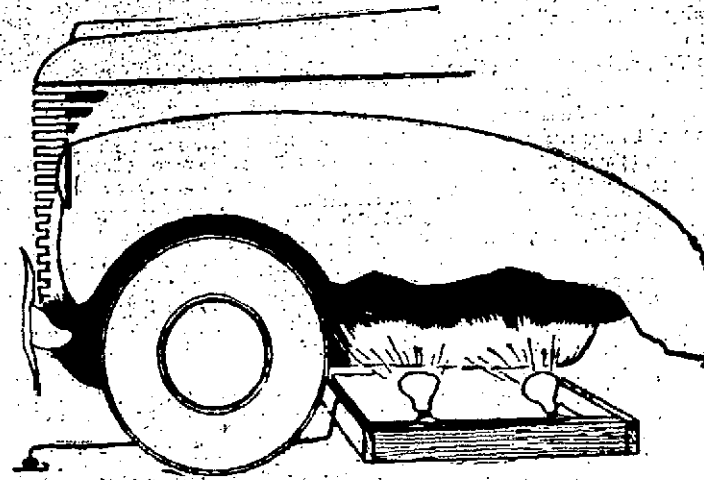

Here's the dope on a heater you can build yourself in an hour or two that will make the old heap think summer is just around the bend. Get yourself some infra-red heat lamps, a piece of lumber, some wire and sockets and stick 'em together like this:

Place this on the floor of the garage under the crankcase of the car. With the swivel sockets point the lamps so that the heat rays hit the sides and bottom of the crankcase. A quarter-hour of this treatment before hitting the starter will have that congealed oil mopping its brow. Instead of commencing the day on a sour note, your day will be beautiful!

A few words of caution. Lamps should be mounted to the side of the crankcase; otherwise cold oil or water dripping on a lamp may break the glass, although you should buy lamps resistant to this sort of shock. They are available in some stores. Today's cars are built so close to the ground that care must be used in aiming the lamps so that no part of the car will strike them when you drive in or out. The dimensions shown are only approximate but they will do for a majority of popular cars. Any outfit built for a particular car should be built to fit that particular car.

If you need further help... well, you know where to come!

HERE'S THE STUFF YOU NEED—

Get it at any electrical equipment store... except the lumber, of course:

Mrs. E. M. Gunderud Found Frozen in Gas-Filled Home

Continued from Page One

were found frozen, and the house unheated.

The elder Mrs. Gunderud, according to the coroner, had called at the house late Wednesday afternoon. She found the doors locked, and had gone to the house of a neighbor where she obtained a bunch of keys. One of the keys was used to unlock the front door.

As the door swung open the fumes of gas struck her and she hastily stepped back. A minute or so later she entered the house and threw open all of the windows on the ground floor.

Find Dead Body

Then she and a neighbor went to the second floor where they found the young woman dead in bed. When found she was wearing her night clothes, and lay in bed, covered with blankets.

The police were immediately notified by telephone and Officers Thomas McGrane and James Cullum drove to the house in one of the radio cars. The police called Coroner Kelly.

No Violence Indicated

After a preliminary examination the coroner directed an autopsy, which was performed by Dr. John F. Larkin and Dr. Gilbert F. Schaffner of the city laboratory. The autopsy, said the coroner, showed no marks of violence on the body, and that death was due to inhaling illuminating gas.

OFFICE CAT
By Junius

A man dashed into the police station at midnight asking that search be made for his wife who had been missing since 8 o'clock in the evening.

Sergeant—Particulars? Husband (stammering)—I-I-I don't know.

Sergeant—Do you know how she was dressed?

Husband—No, but she took the dog with her.

Sergeant—What kind of a dog? Husband—Dark brindled Bull Terrier, weight 53 pounds, four blotches on his body, shading from gray to white, three white legs and right front leg brindled all but the toes. A small nick on the left ear.

Sergeant (gasping)—That'll do. We'll find the dog.

Do you know how to bring up children?

This is a hard question but here are some suggestions on how to do the job:

By going to Church with your children.

By so living that children will respect and trust parents.

By keeping the confidence of the growing children.

By developing the principles of democracy in the home.

By talking in the family circle of your beliefs and convictions.

By practicing Christ's methods of understanding and forgiveness.

By giving the children responsibilities and seeing that they fulfill their obligations.

By example and teaching in developing a philosophy of life worth while, worth living and dying for; faith in Jesus Christ.

Doctor—You must not give your husband strong coffee. It makes him too excited.

Wife—But, my goodness, you should see how excited he gets when I give him weak coffee!

This is a Fair Question: Don't you think it's time that reads Got off on other tracks. And quit filling this column space with poems about slacks?

—Mrs. Marjorie Trull

People said the electric motor would never work. Today the electric motor works and the people don't.

Teacher—Who was the smartest inventor?

Pupil—Thomas A. Edison. He made relays and two secret events

to be announced at the rally. Troop 36, sponsored by St. Mary's Church, will have a display of scout craft in the Central Hudson window during Boy Scout Week.

The Boy Scout Troops and Cub Packs of the Western District of the Ulster-Greene Council are planning a big Merit Badge Exposition and Court of Honor at the Community hall in Mt. Tremper, Wednesday evening, February 13 at 7:30. District Commissioner Arthur Hansen and his staff of neighborhood commissioners will, together with Reginald Every will

have charge of this event. Each unit will dramatize the vocational work required for the earning of some of the merit badges now common to Scouts.

All Scouts who have earned advancement during the past year will be recognized with a District Court of Honor to be conducted under the guidance of Eugene Hoffman, Mt. Tremper, District Advancement Chairman.

The very popular film "Scout Trails to Citizenship" will also be shown. This entire affair will be open to the public, and no admission will be charged.

Red Cross Publicists in First Session

Members of publicity committee for the 1946 Ulster County Red Cross drive mapped plans for the campaign at an informal dinner Wednesday night at the Stuyvesant Hotel. Standing from left to right, Joe Kelly, Charles Tiano, Dick McCarthy, Walt Kirchofer, Thomas Murray, Mrs. George Hard and Mrs. Milton Wagenföhr. Seated in the usual order—Lew Steketee, Robert Case, Mrs. Joseph Craig, general chairman of the drive; George Hard, publicity chairman, and Henry Eighmey. The drive for \$4,000 extends from March 1 to March 15 this year.

in Kidnap Case
Jan. 31 (AP)—Police investigation of the Degnan kidnap case today included examination of a threatening message of a threatening message had been scribbled on a box containing a human ear which was mailed to the mother of the slain six-year-old Suzanne Degnan. Storms disclosed that the words, "will cut your ear next" had been written in ink on the inside of the box.

Car Accident Fatal To New York Man

Thomas Hughes, a New York city tavern owner, was instantly killed, and Henry Kieran of New York, an employee, escaped with several fractured ribs and a severe shaking up when the auto in which they were driving went over an embankment at the Webber bridge on the Catskill-Paleenville road early Wednesday morning.

The two men had been touring the Catskills investigating several pieces of property for sale in the vicinity of Greenville, East Durham and Cairo, and were on the way back to New York.

Solve Travel Problems For Jewish Children

Rabbi Harold Schechter, spiritual leader of the Kingston Hebrew school and the Hebrew School committee headed by Charles Katz, have announced that plans are now under way to solve all transportation problems concerning the pupils of the Kingston Hebrew school. At a special meeting of the committee, it was decided to take inventory as to the possibility of having taxis or buses bring the pupils to and from the Hebrew school.

The committee urged all Jewish parents who are interested in the welfare of Jewish youth in Kingston, to enroll their children in a Hebrew school where they may acquire a basic Jewish education. "If the parents are confronted with transportation, or other problems, the committee will do its utmost to solve them."

Rabbi Schechter also announced that the school is now open for registration of new pupils. The new term will begin Monday, February 4. Daily sessions start at 4 p. m. Monday through Thursday. "It is the objective of the school to provide an adequate religious education for all Jewish children of Kingston." The school offers basic courses in Hebrew reading and writing; prayer book (Siddur) study; Bible, Jewish customs and ceremonies, and also holiday plays and festivities.

A course in synagogue services, and synagogue procedure will also be part of the new curriculum. The pupils will also publish a paper to be known as "The Voice of Youth."

North Marbletown Fire Officers Elected

At the annual meeting of the North Marbletown fire department officers were elected as follows: John E. Rowland, president; J. McGregor Mills, secretary-treasurer; Stephen O. Koval, chief; George Harford, assistant chief; J. Clifford Cole, captain. J. Clifford Cole also was elected trustee for five years.

The next meeting, at which important business is to be transacted, will be held on February 5. A large annual spring dance is being planned to be held some time within the next two months.

RESEARCH INDUSTRY AID

Government and business are getting together in New Zealand to solve postwar problems of research, Wellington reports. The Manufacturers' Research Committee has been formed by business men and will have at its disposal the facilities of the Dominion Scientific and Industrial Research Department. Chemical and engineering laboratories, library and information services, and results of studies in industrial psychology will help manufacturers meet the changed conditions.

TREE STORY TRACED

A well-known Kaffirboom tree which stands in the grounds of the rectory of the Dutch Reformed Church in Worcester, South Africa, may soon have a birthday

party. It will be 100 years old then and W. de Vos Rabe, a resident, remembers that his father brought the seed of it from Queenstown in 1846, where he had gone with a party to quell a native uprising. After fighting in the Kaffir war, he brought back some Kaffirboom seeds which the Rev. Sutherland planted.

The globe artichoke, an unopened flower bud, grows on a strong thistle-like plant, and like any other flower bud shows quality in color and outward appearance. One that is top notch will have tightly clinging, freshly-leaf scales of a good green color. Avoid any showing a brownish color or having dark surface spots, for they will turn black when cooked.

Jap Accused of Executing Fliers

Jap Capt. Sotojima Tatsuda bows to Capt. Chase Jay Nielsen of Ityrum, Utah, at Shanghai, China, as the Doolittle flier identifies him as the commanding officer of a firing squad that executed three Doolittle fliers whose plane crashed on the China coast. (AP Wirephoto).

NATIVES LEARN TO KNIT

Natives of Kenya, British East Africa, are taking kindly to various home industries introduced there. It is stated in Embu, a village where spinning and weaving were undertaken first. Africans there are now going to work in cable-stitch sweaters knitted

by their women-folk. More than 100 Africans have spinning wheels of their own and hand looms turn out gaily colored blouses. Jerkins are made from skins of goats and sheep and a tannery has been set up, to which natives bring skins for treatment.

ROAD BUILT IN 36 YEARS
A road on which construction was started in 1909, recently was opened to traffic on the island of Corners, in the western group of the Canary archipelago. Little work was done during the first 30 years, but since 1919 active construction has been maintained. The great lapse of time was occasioned by difficulties of engineering the road over the central volcanic mountains and connecting with numerous deep ravines. One now can travel by automobile from San Sebastian on the north to Vallehermosa, a distance of about 45 miles.

CHURCH USES LADDER

In perhaps the quaintest of all Methodist chapels, the pulpit is in the fireplace and the pews are in what was once a farm laborer's bedroom. Once two cottages, the chapel is in a country lane near Callington, England. It is reached by a ladder which afterward is carried outside, those aloft being held prisoner until the last hymn has been sung and the ladder returns. Capacity is 20 persons.

Christian Endeavor Has Extensive Plans

The Ulster County Christian Endeavor Union is planning an active service program this winter in commemoration of the 65th anniversary of the founding of the Christian Endeavor movement.

An anniversary banquet will be held Saturday evening in the First Baptist Church, when it is expected that every society in the union will be represented.

Other activities scheduled are the regular monthly board meeting on Monday, February 4, at the Rosendale Reformed Church when the new officers of the Rosendale society will be installed by County President Charles Guinaer.

Programs will be conducted, at dates to be fixed, at the City Home

and the Home for the Aged. The committee on arrangements for the program are Miss Beverly Reese, Miss Doris Burnum, Miss Carolyn Mogan, Nelson H. Lewis, Wesley Lawrence, and the Rev. Raymond J. Pontier, pastor of the Reformed Church of the Comforter.

Officers of the county union are: Charles Guinaer, president; Miss Anne A. Van Deusen, first vice president; Mrs. Nelson H. Lewis, second vice president; Charles McGinnis, Jr., third vice president; Miss Constance Blawis, secretary; Wesley Lawrence, treasurer.

The advisors are the Rev. Robert E. Osman, the Rev. Raymond J. Pontier, the Rev. Stephen W. Ryder, the Rev. Albert H. Shultis, and Daniel H. Barnhart.

Nelson H. Lewis is the publicity chairman. Since his release from the armed forces he has resumed

the editorship of the county union paper "The Beacon." He held this post prior to entering services.

NATURALLY DELICIOUS ORANGES

Oranges have long been hailed as the richest source of all natural sources of Vitamin C, which you must have every day, for your body does not store it. Calcium, phosphorus, and iron, as well as vitamins A and B, are also the orange's contribution to a healthful diet. Keep plenty of oranges on hand—eat them as-is—use them in cooking and baking. Here are a few suggestions.

Orange Aids
TO JUICE SMALL ORANGES...Cut off only one end. Steam out juice...Saves time.
DO NOT STRAIN ORANGE JUICE...These are minerals in that pulp.
WHEN RUSHED—JUICE BREAKFAST ORANGE JUICE THE NIGHT BEFORE...Store in refrigerator, little vitamin loss.
USE ORANGE JUICE AS THE LIQUID in preparing fruit-flavored gelatin salads.
USE ORANGE JUICE TO BASTE chicken or duck during roasting.
USE ORANGE JUICE TO THIN mayonnaise for fruit salads.
USE ORANGE JUICE IN SAUCES for desserts and puddings.
AS APPETIZER, serve melon balls or avocado balls in orange juice.

ADD A DASH OF GRATED ORANGE RIND AND ORANGE JUICE to squash, beans, sweet potatoes—for appetite appeal.
TOSS ORANGE SECTIONS with assorted greens for fresh salad bowl.
ARRANGE ORANGE SLICES on shredded salad greens for individual salads.

Washington, Jan. 31 (AP)—Philip Murray, president of the C.I.O., Steelworkers Union, conferred for 40 minutes with Treasury Secretary.

PIN-WORMS LICKED AT LAST!

People don't talk about Pin-Worms—but more than you'd suspect have this ugly infection with its embarrassing rectal itch. However, it is no longer necessary to suffer. Today, thanks to a special, medically recognized drug, a real treatment has been established. This drug is the vital ingredient in P.W., the small, easy-to-take Pin-Worm tablets developed in the laboratories of Dr. D. J. Jaffe & Son. They act in a special way to remove Pin-Worms.

Vinson today on present tax laws as they apply to steel industry income, but refused to disclose details of the conference. The C.I.O. Steelworkers' chief told reporters he had discussed his contention that tax law provisions for rebates from excess profit taxes give the corporations an advantage in strike situations like that now in progress in the steel industry.

680 Take Exam For State Police

Preliminary Tests Draw Record Entry

A total of 680 candidates took the examination for appointment to the New York State Police yesterday in the first written examination held since 1940. The examinations were held in a half dozen cities including Albany where 97 papers were written. Buffalo 66, Malone 25, Binghamton 40, Syracuse 77 and White Plains 355, were candidates from the entire metropolitan area. Superintendent John A. Gaffney, commander of the State Police, has announced that there is approximately 100 vacancies to be filled immediately. The starting salary is \$1,080 a year, plus lodging and food or an allowance for maintenance, and service clothing and equipment.

The examinations were conducted by State Police executives rather than the State Civil Service Commission. Three other tests in addition to the written examination will require about two or three months to complete and then appointments will be made. The list will remain good for from eight to nine months. Superintendent Gaffney stated, and then an oral examination will be held to give World War II veterans who return home late, an opportunity to compete. Successful candidates must be between 21 and 40, at least five feet, ten inches, tall and in excellent physical condition, of good moral character and must be licensed to drive a car in this state.

Albany Couple Hurt In County Accident

John H. Dempsey, 39, and his wife, Marjorie, of Albany, were seriously injured when the Nash sedan driven by Dempsey left the highway about half a mile south of Marlborough, on 9-W, at 2 o'clock Wednesday afternoon and struck a tree.

Both were taken to St. Luke's Hospital, Newburgh. Mrs. Dempsey, who was the more seriously injured, was reported in fair condition this morning. She suffered injury to her back and internal injuries. Mr. Dempsey, who sustained lacerations of the forehead, fractured ribs and internal injury, was reported to be in good condition.

Trooper Johnson of the Highland barracks, who made the investigation, found that it was snowing at the time of the accident and the road was slippery from the packed snow. The car went into a skid and crashed into a tree on the east side of the road, causing it a stop considerably damaged.

See Amicable Solutions

London, Jan. 31 (AP)—United Nations delegates privately expressed hope today that the Security Council compromise decision on the Russian-Iranian dispute might point the way to an amicable settlement of the Greek and Indonesian cases which come before the peace agency tomorrow. Whether the latter two cases can be settled without U.N.O. intervention, however, depends largely upon the Russians who filed complaints with the council charging the British were endangering the peace by military actions in Greece and Indonesia.

FIRST CHILD SOUGHT

In an effort to settle the moot question of who was the first white child born in New Zealand, an old settler has produced records to show that the honor probably should go to the second son of Mr. and Mrs. John King who arrived in New Zealand in 1814. On Feb. 15, 1815, a son was born but died in infancy. First white woman to see the light in New Zealand is believed to be the daughter of Mr. and Mrs. William Hall, born May 28, 1815, Wellington records reveal.

Morals Charge Traps Army Deserter Here

Lloyd Knowles, 31, an Army deserter for the past two years, was taken into custody by Sheriff George C. Smith and County Investigator Clayton Vredenburg last night.

Knowles was brought in for questioning on complaint of the mother of two small girls, it being alleged that he had been guilty of actions tending to impair the morals of a minor.

When it developed that Knowles was wanted for desertion he was turned over to Louis Hurley, F.B.I. agent and held at the county jail pending arrival today of M.P.s from Stewart Field.

Sheriff Smith stated that there had been a long search for Knowles to answer to the desertion charge. He had been working since September on a farm at High Falls.

Flashes of Life Sketched in Brief

Where Men, etc.
Salt Lake City, Jan. 31 (AP)—The "Wild West" doesn't impress Lloyd Williams, South African newspaperman.
Here for the National Wool Growers Convention, Williams reported his fellow countrymen are far a "noisier, tougher bunch," by "Why," he said, "when the boys get together in South Africa they really break up the furniture."

A Whale of a Time
San Francisco, Jan. 31 (AP)—Now that the submarine nets are gone from the Golden Gate Swift 11 is having a whale of a time in San Francisco Bay.

Winton C. Edwards found it out when the whale tried to flip his water taxi with a flipper. Edwards called the Coast Guard and Swift 11 set course for the gate and disappeared.
Swift 11 was named by waterfront men who figured he was kin to Swift 1 who churned the same waters in 1938.

Kitty Cornered
Chicago, Jan. 31 (AP)—From its lofty perch in a tree top a stray cat scowled its misery for two days, prompting residents of North Hoyne avenue to urge the Anti-Cruelty Society to rescue the feline.

Herbert Carnes rigged ladders and ropes to rescue the cat. But the animal kept backing away, lost its footing, then hung by two paws for a minute and finally plunged about 55 feet, to an alley.
It hit a fence corner, leaving part of its fur there, bounced off a car fender before making a four-point landing. Then it kept right on running.

Theatre Party
Chicago, Jan. 31 (AP)—Mrs. Cassie Olsen of Fort Wayne, Ind., mother of Comedian Ole Olsen, celebrated her 83rd birthday last night at a loop theatre.
She was Olsen and Johnson's guest at "Laughing Room Only" at the Shubert Theatre where she danced with her son and shared her birthday cake with the audience.

Arthur Wermuth, and which Wermuth denies took place, holds a picture which she claims shows her with Wermuth on their wedding day, December 7, 1941, in Manila, P. I. Wermuth gained fame as a "one man army" in the Philippines. (AP Wirephoto).

4-H CLUB NEWS

Order blanks are available from the Ulster County 4-H Club office, 74 John street, Kingston, for 1,000 free trees from the State Conservation Department. Any boy or girl, 10 to 20 years, may have the choice of red pine or Scotch pine seedlings. These trees are available for reforestation work and 1,000 trees will plant about one acre of land. "If you have some waste land why not order 1,000 trees and put it to work growing valuable timber? Orders for less than 1,000 trees will not be accepted. A penny post card will bring you a order blank and be sure that all blanks are back in the 4-H Club office by February 8," the 4-H says.

Bower to Broadcast
The agricultural branch of broadcasting at Station WGY, Schenectady, has requested Edmund R. Bower, county 4-H Club agent of Ulster county to be on its program, February 9, at 12:30 o'clock. The topic assigned to Mr. Bower is "The Abe Lincolns of Today."

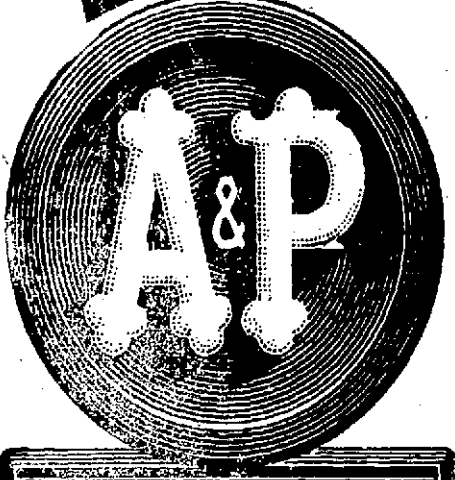

Lakeview Meeting
The first successful postwar meeting of the 4-H county older group was well-attended by the Lakeview 4-H Club. Those who attended this meeting were David Crystal, Edward Donnelly, John Kirm, Earl Mack and Sanford Whitman.
After the business meeting refreshments were served and dancing followed. The music was furnished by Floyd Deltz and his Singing Sons of the Saddle.

GRANGE NEWS

The regular meeting of the Hurley Grange will be held tonight at the Grange Rooms at 8 o'clock. A full attendance is requested.

PLANT RECONVERTED
Russia has reconverted one airplane plant with a vengeance. Moscow reports that during the 1945 fourth quarter it produced 120 launches, 400 boats, 3,500 beds, 5,000 toys and 200,000 spoons. It also produces axes, laundry tubs, tractor parts, farm machinery and subway equipment.

Shriners Will Hold Annual Ball This Spring According to Plans Made at Meeting

The annual Shriners' Ball, abandoned during the war years, will be held early this spring in the municipal auditorium, it was decided Wednesday evening at the annual meeting of the Kingston Shriners' Association, at which Gordon A. Craig of the Kingston Trust Co., was elected president for the ensuing year.

A definite date for holding the ball, for years one of the outstanding social events in Kingston, will be decided as soon as the association can ascertain a date that would not conflict with other organizations.

As in previous years the proceeds of the ball will be for the Industrial Home, and the Shriners believe that the news that the annual ball would be resumed would be welcome by all those who had attended previous functions.

The other officers elected last night were: Arthur J. Jansen, first vice president; Byron S. Chaffman, second vice president; Earl F. Schoonmaker, secretary; and Henry C. Page, treasurer.

The reports of the outgoing officers showed that the association

was in a healthy condition, both financially and numerically. The annual meeting was held in Masonic Temple on Albany avenue, and at the close refreshments were served and a social hour followed.

MRS. RAYMOND R. GROSS

Harris Bolin, Navy Weds Mary Ann Simon

The marriage of Miss Mary Ann Simon, 177 Green street and the late Stephen Simon to Harris C. Bolin, electrician's mate first class, son of Mrs. Rosa Bolin of Jacksonville, Fla., was performed at the rectory of St. Joseph's Church, Monday, January 21, at 2 p. m. The Rev. John Brown officiated.

The bride was given in marriage by Joseph Guggler of Esopus, a close friend of her father. She wore a white satin gown entrained with a finger tip veil and carried a bouquet of white roses. Her mother was her only attendant. She wore a navy blue dress with corsage of red roses, a black hat with red feather trimming and black accessories. Joseph Simon, brother of the bride, acted as best man for the bridegroom.

Immediately following the ceremony Mr. and Mrs. Bolin left for a wedding trip to New York city. Later Mr. Bolin expects to be stationed in Florida and Mrs. Bolin will join him there.

Mrs. Bolin attended the Academy of St. Ursula, Kingston High School and Spencer's Business School. She has been employed as secretary to Charles de la Vergne. The bridegroom enlisted in the navy following his graduation from high school. He has just returned from a tour of duty in the Pacific theatre of operations.

State commanders from this territory will attend the conference, with Mrs. James C. Carmack of Providence, R. I., regional commander presiding.

There will also be a large representation from National Headquarters of the American Cancer Society in New York city, including Mrs. Harold V. Milligan, national commander, and a number of outstanding members of the medical profession.

Mr. Steketee Will

Speak at Canteen

Louis B. Steketee, manager of the local radio station, WKNY, will be the guest speaker at the Colonial Canteen tonight at 8 o'clock. He will discuss "What Radio Has to Offer the Youth."

This talk is another in the series of vocational discussions being sponsored at the youth center. All members of the canteen as well as their parents are invited to attend.

Women's Club Will Give Play Written By Mrs. R. R. Gross

A two-act play, "On the Sunny Side of the Street," written and directed by Mrs. Raymond R. Gross will be presented by the Women's Club of the Y.W.C.A. Thursday afternoon, February 14, at 2:30 p. m. The first act takes place in mid-June 1942 and the second act in mid-June 1944.

Mrs. Gross has previously written plays and pageants for production. Among them are "Gypsy Noel" and "What Price Beauty." "On the Sunny Side of the Street" combines comedy and pathos and affords excellent entertainment. It was presented with great success by a women's club in Williamsport, Pa., and the Women's Auxiliary of the American Legion in York, Pa.

The members appearing in the cast will be Mrs. Raymond R. Gross, Mrs. Ralph D. Harper, Mrs. W. Davis Hawk, Mrs. Burton L. Haver, Mrs. Raymond E. Craft, Mrs. Charles A. Terwilliger, Miss Patricia Craft and Miss Mary Fuller.

An invitation has been extended to the members of the Junior Married Women's Club to join with the Women's Club for this meeting. Members of the Women's Club also have a one guest privilege.

Tea for the afternoon will be arranged by Mrs. Burton L. Haver. Mrs. John Herlihy will be hostess.

STRANGER AT A PARTY

To find oneself alone and ignored among strangers at a supposedly social gathering is an unhappy experience that we are all at some time likely to encounter. One to whom this has befallen asks: "Is it permissible to go up to two or more persons who are talking, so as not to stand alone, or is that considered as bad as interrupting a conversation? I am referring to the awkward situation of arriving as a newcomer at a large party. I had no more than a 'How do you do!' from the hostess and then quite alone entered the living room among strange people! The roof of the hostess's house is said to serve as an introduction. How does one become a part of a group?"

Imagine yourself an invisible on-looker. Walk about slowly and look for another guest who seems to be situated as you are. Stand or

ask if she (or he) is a stranger. Whether the answer is "yes" or "no," there is a probable opening. Or if not greatly encouraged, go on slowly into the dining room for something to eat, make your way out again and go home! This is the worst that can happen. Ordinarily you will find someone whom you can rescue or who will come to your rescue.

Unless Aunt Is Nephew's Age

Dear Mrs. Post: When I heard of my nephew's engagement, I wrote to his fiancée, expressed pleasure—which I indeed felt—and also a wish to meet her soon. (I could not wait to see her because distance makes that impossible.) When she answered my letter, she began, "Dear Miss Smith," although I had written her as "Dear Mary." Later, when she wrote to invite me to the small wedding, she again began, "Dear Miss Smith." And now, in acknowledgment of my wedding present, once more she writes, "Dear Miss Smith." I always have begun "Dear Mary." Her letters sound friendly enough, except for this cold way of addressing me. I

Correct forms for letter writing are found in Mrs. Post's book, "The Etiquette of Letter Writing," obtainable for 10 cents in coin and a 3-cent stamped, self-addressed envelope sent to her in care of The Kingston Daily Freeman, P.O. Box 99, Station G, New York 19, N. Y.

Fourteen Germans Hang As War Criminals

Moscow, Jan. 31 (AP)—Fourteen Germans, including three generals, were hanged yesterday in Minsk after being convicted by a military tribunal on charges of exterminating 2,200 Russian civilians and prisoners of war.

The general officers executed were Lt. Gen. Johann Georg Richter, 55, former commander of the police division in White Russia; Maj. Gen. Gottfried Hendrix Ermansdorff, 53, former commander of the Mogilev city and fortified district; and Maj. Gen. Eberhard Herff, 59, police and storm troop brigade fuhrer.

Genoa Archbishop Dies; Saved City From Nazis

Vatican City, Jan. 31 (AP)—Pietro Cardinal Boetto, archbishop of Genoa, died of a heart attack early today at his residence in Genoa.

The Vatican announced that the 74-year-old prelate, who had been elevated to the College of Cardinals in December, 1935, died at 5 a. m.

Cardinal Boetto, archbishop of Genoa since March 17, 1938, gained the gratitude of the people of Genoa at the end of the war by receiving the German surrender and using his diplomatic ability to persuade the Germans not to sabotage the city's industries.

Jack St. John Talks on India

Rotarians Hear About India and Inhabitants

Jack St. John gave an eye-witness account of India and a wild-cat radio station in the early stages of the war before a record attendance of the Rotary Club Wednesday at the Hotel Stuyvesant. Rotarians and guests here for the New York State Horticultural Society meeting were introduced by Al Kurt and Gerow Schoonmaker of Wallkill, president of the society, gave a brief talk.

Interspersed with anecdotes, Jack St. John's talk was both interesting and humorous. He served during the war with the Tenth Air Force in the India and Burma areas. His lucid description of limited broadcasting facilities with notable in attendance at the "studio" and his appraisal of the inhabitants of India, including the cow, and their idiosyncrasies were illuminating and entertaining.

Despite the 45 races speaking some 200 languages and the 2,000 castes and tribes, one managed, with fortitude, to get about, the speaker asserted. It was eloquently intimated that fortitude meant a strong physical resistance for odors.

The country, inhabited by approximately four hundred million people, is essentially agricultural with the cow coming in for special worship and privileges not accorded by Harry Beatty.

There are many religions with

each cult, caste and tribe adhering strongly to its religious beliefs and social rules, many of them with fanaticism.

Y.M.C.A. Lists Newburgh Club for Next Thursday

Ex-DUSO League Greats
With Visiting Team;
Stamford to Play
Here Saturday

Two big basketball engagements have been booked for Coach Lou Shafer and his Y.M.C.A. court squad, Bert Streeter, manager of the club, announced this morning. This Saturday night the Stamford American Legion cagers will invade the "Y" boards. The second of the two battles will take place at the municipal auditorium Thursday evening, February 1, when the strong Caravan Clippers of Newburgh appear here.

Saturday's game is scheduled for the usual 8:45 o'clock bell with a preliminary going on at 7:30 o'clock. The Stamford clash will afford Coach Shafer to make his final selections for the lineup to face Newburgh.

Leads City League
Kingston court fans who flock to the auditorium boards a week from tonight will see a lot of familiar faces when the Newburgh club trots out onto the floor. The Clippers boast of such former DUSO League stalwarts as Howie Havens, Ed Pilus, Frankie Rohan, Sun Inzerra and Rudy Coppelotti.

At the present writing Newburgh holds first place in the Hudson Valley Y.M.C.A. League and also the Newburgh City League. In the latter the Clippers, who also play under the banner of the Newburgh "Y", are tied with The Shamrock Jewels team with two victories in as many starts.

Some of Newburgh's strength is shown by the Clippers' recent 70 to 43 victory over the strong Keil Bakery club of Poughkeepsie which defeated Kingston last week. In that Newburgh win, Howie Havens sparked the winners with 28 points while Rohn dumped in 16 and Inzerra accounted for 14.

Although Kingston will be able to offer plenty of competition with such standbys as Al Bruce, Al Thomas, Buddy Smith, Jack Kelsie, "Whitey" Myers, Purvis, Hornbeck and Houghtaling, Newburgh comes into Kingston with a star-studded roster which just a few years back thrilled DUSO League-going fans.

Following Thursday's big clash Manager Streeter has secured the strong Black Taxi club of Hudson to appear at the auditorium court Thursday night, February 14. The visitors are at present leading the Hudson City League and boast a number of standout players.

List Racing Dates

Trenton, N. J., Jan. 31 (AP)—The New Jersey Racing Commission yesterday allotted 120 days of racing among Garden State and the new tracks at Monmouth and Atlantic City. Subject to change, Monmouth will run from June 10 to July 20; Atlantic City from July 22-August 17 and again from September 16-October 5; and Garden State from August 19-September 14 and October 7-26.

CHARLIE TIANO

Yesterday's all-star squads met with general approval among local keggers, but today's chapter must pay tribute to several other men who have been among the elite. It's not easy to omit names like E. Alward, Modjeska, Thiel, Fleming and others off all-time teams, but there was room only for five. . . . Thiel, an awesome kegger in 1934 when he balled out 721 and 739 on consecutive Monday nights, did not engage in varied enough competition. . . . Otherwise he would have been a hard man to keep off the first squad. . . . Broskie and Kellenberger were good money bowlers, and "The Mustache" could murder you with cross strikes. . . . Ask Jones Dairy—they know.

George Flemings, Len Bouten, Lew Hynes and veteran Harry Styles were hard men to shove. In his inspired moments, Eddie Modjeska was a terrific money shooter, but lacked the balance and drive to be a really great pinbuster. . . . Ken Williams played up huge totals and proved his ability under fire. . . . He changed his style of delivery following a Jimmy Smith lecture and was never quite the same. Alward was murder on the Immanuel and did okay elsewhere.

Flores and Johnson Highlights in local keggering—Charlie Gruenewald opened with 214 and 227 Monday night and added 182 for 623. . . . Ward DuBois kept up his spree with a pair of 200s and 603. . . . Bill Davis, of Martins, was good for 246 and 582. . . . Other noteworthy efforts—Rudy Kubick 201, Chirp Rhymor 208, C. Griffen 226 and "Pop" Van Alstyne 218. . . . Nick Huber, old City League curve ball pitcher, topped the Freeman League with 177 and 473. The Electrol League furnished

Maroon Cagers Will Engage Middletown High on Friday

American Pro Grid Game Opens Last Round of Play in League; Kingston Is Favored to Take Contest

Kingston High School's fast moving basketball varsity travels to Middletown Friday night to open the second round of DUSO play. Victorious in the first half of the loop, the Maroon has high hopes of starting the second half where they left off the first.

Disappoint Followers
The disappointing showing of the veteran Middletown team has been the biggest puzzle to DUSO League experts this season. With exactly the same team on hand which copped the title last year, Coach Hal Wagner was expected to take the championship this year in a walk. However, the Middies finished in a third place tie for the first round, a fact which has league supporters guessing.

There are some fans, on the other hand, that believe that the Blue and White is still the strongest team in the league. It is this group that expects Middletown to hit her stride in the second half. A victory over the Maroon and White Friday would be a big step in this direction, and the Middies are expected to spare no horses in trying to down Kingston.

Kingston with the high scoring line of Albany, Weaver and Murray in there tossing, rates as favorites in tomorrow's contest. The big three of the Maroon team is leading the DUSO League in scoring, and has turned out to be the best point-getting combination since George Zelle and Rod Sagendorf were seen wearing Maroon uniforms.

Although not possessing such a trio as the above mentioned, the Middies have a couple of ball players in their lineup that are worth mentioning. One is Bobby Wittman, high scoring forward of the Blue quintet. Wittman has been the pacer setter of the Orange county five all season, and will have to be stopped if Kingston expects to win Friday night.

Strong at Guards
The Middletown guards, Ziggy Wolfson and Tommy Zowine, rate over the Maroon backcourt combine of Len Sichter and Bob Miller. Wolfson was the big gun for the Middies when they lost to Kingston 42-28 at the municipal auditorium in the season's opener (December 14), losing nine points through the hoop. Both of these boys have been the mainstay of the Blue team all season, and the Kingston scoring line is going to be in for a tough evening Friday.

Hogan Is Favorite
Tucson, Ariz., Jan. 31 (AP)—Ben Hogan of Hershey, Pa., was the favorite as the \$2500 Open golf tournament gets underway at 37 Rio Country Club today. Hogan, winner of the Phoenix Open and leading money winner of the current 1945 tour, turned in a best ball score of 62 in the pre-tournament pro-amateur competition yesterday. He played with L. J. Perry of Tucson, Ariz., for the course is 70.

**Heinicke Speaks
To Growers on
Fruit Experiments**

Addressing the meeting of the New York State Horticultural Society, Wednesday, Dr. A. J. Heinicke, head of the Geneva Experiment Station said the purpose of the college and experiment stations was to develop helpful information, based on scientific research and experimentation, that would lead to a practical solution of the problems that individual growers cannot work out satisfactorily for themselves.

Well-equipped laboratories and plantings are maintained at both Ithaca and Geneva for detailed investigation of many problems. Research of special interest to fruit growers is carried on in field laboratories at Poughkeepsie and Fredonia and in the Keuka Lake area. Many privately owned orchards and small fruit plantings in different parts of the state also are used for experimental purposes.

The speaker gave a long list of fruits of all kinds, each species having a number of different varieties demanding special investigation, and each variety possibly subject to peculiar deficiencies or special susceptibilities to insects and disease organisms.

Dr. Heinicke said that ideas and

practices that at one time seemed well established must be re-examined from time to time to determine whether they are really sound in the light of more recent discoveries. For instance, it was stated, fundamental ideas of the nature of the soil have changed greatly in recent years. "The physical condition of the soil, its structure and water-holding capacity are now regarded as important as are the nutrients."

Another example of change concerns the use of lime sulphur for many years used as a standard spray material for fruit trees. As a result of investigation into damage done to foliage, new materials are being developed and lime sulphur gradually is being replaced by sprays less toxic to tree tissues.

Delays Fruit Dropping
Speaking of by-products of investigations that sometimes turn out to be more important than the original objective, reference was made to the discovery that hormone sprays would delay the dropping of apples. As a result, these sprays are now widely used in New York state, delaying the dropping of fruit as much as ten days or two weeks.

Work continues with the preparation of better and more stable fruit juices, as well as with fruit concentrates. A considerable expansion in fruit breeding projects is being planned and a 135 acre farm recently purchased by Cornell will be available for this program.

Concluding, Dr. Heinicke said:

"The members of the New York State Horticultural Society may well be proud, along with other groups of interested and far-seeing citizens who supported the founding of the State Agricultural College and Experiment Stations some 65 years or more ago, because they have fostered a highly successful

pattern for research agencies concerned with public interests."

LOANS to pay bills

"Personal"—where 4 out of 5 who ask for a loan, get one—makes loans to pay doctor, dentist, shopping and household bills. You can get cash without involving your friends, employer or relatives. You can get it on your signature alone, auto or furniture.

Private, Friendly Service
Your loan is made in complete privacy—no outsiders know about it. "Personal's" "Yes Man" is the only other who'll know. Don't borrow unnecessarily, but if a loan is needed or is to your advantage, a loan from "Personal" is a wise plan.

**Kerr Hints Trusteeship
Possible For Indonesia**

Singapore, Jan. 31 (AP)—Sir Archibald Clark Kerr, en route to Batavia, to represent Britain at negotiations between the Netherlands government and the unrecognized Indonesian republic, said today he believed Indonesia might become a United Nations trusteeship "when the present difficulties are settled."

Sir Archibald, who will become British ambassador to the United States in May, voiced his belief at a press conference in response to questions on the Indonesian situation.

He said he hoped a solution

would be reached quickly so he could have his first holiday in eight years before going to Washington.

BUZZ BOMB TAKES OFF
While a German worker was dismantling a V2 rocket bomb in Lubbeck, Germany, with an acetylene welding apparatus, the rocket suddenly took off in a sharp rise from the ground and disappeared. It fell harmlessly in a lumber yard in Lubbeck, as its explosive charge had been removed.

Families Going Overseas
Washington, Jan. 31 (AP)—The
army put the clincher today on
what it has been saying about a
long occupation job. It's going to
let families of officers and top
non-coms join them overseas. The
step has been advocated in and
out of Congress for months both
as stabilizing influence for the oc-
cupation forces and as a contribu-
tion to morale.

BLACK MARKET HIT
The American Army in Shang-
hai, China, has cracked down on
black market operators who have
been getting supplies from those
with access to Army and Navy
commissary depots and post ex-
changes. Grocers openly display

Christmas Seal Sales Only \$500 Under the Quota

Receipts of \$17,000 in Christmas
Seal sales to date was announced
by the Ulster County Tuberculosis
and Health Association at a busi-
ness meeting last night. A goal of
\$17,500 was set by the group so
that the program planned for 1946
could be completed.

Reminder letters are now being
mailed to those who received
Christmas Seals but who probably
have forgotten to send in their
contribution. Much credit was given
to those who so generously con-
tributed to the Seal sale, many of
whom this year doubled their con-
tribution and also to organizations,
business houses, radio, newspapers,
service clubs and individual volun-
teers who helped to make the
Christmas Seal sale such a success.

Plans were made by the mem-
bers to carry on during 1946 the
chest X-ray survey. To date, a
grand total of 4,220 pictures have
been made in the survey. The re-
port showed that teachers in
Kingston, Saugerties, Walkkill and
Highland have been X-rayed 100
per cent. Plans are now under way
for a chest X-ray survey on April
8-9-10.

It was reported that a new film,
"Lease on Life" had been pur-
chased from the National Tubercu-
losis Association. It has already
been shown to approximately 1,300
people. The film is a general health
film and touches on the care and
advice of the general practitioner in
the prevention program and in-
cludes baby care, diphtheria and
small pox prevention as well as the
prevention of tuberculosis, the
value of industrial X-raying, heart
and cancer program, and is very
well dramatized. Further appoint-
ments have been made for this
picture throughout the city and
county.

Freeman Reporter Meets Army Buddy In Local Hotel

Pardon the old saw, but it's a
small world after all. And after
what happened to Charlie Tanno
at the Stuyvesant Hotel last night,
the Freeman's bowling expert is
more than ever convinced of the
wisdom of the old adage.

Attending a Red Cross dinner,
Tanno happened to stroll through
the hotel dining room when he
saw what appeared to be a fami-
liar looking figure. Closer scru-
tinization confirmed his suspicions
and the gentleman in question
turned out to be a former army
pal—Sgt. Jimmy Cassin, of New
Jersey.

Cassin, now a civilian enter-
tainer, is appearing at The Barn
in a piano-song specialty entitled
"Cassin and Duane."
Tanno and Cassin were buddies
at the Air Transport Command
station in Goose Bay, Labrador,
where Cassin regaled G.I. audi-
ences with his sparkling piano
monologues and risqué songs. Cas-
sionship wasn't too strict in that
Arctic outpost, and the G.I.'s
revealed in the stuff. The former
sergeant packs a real wallop as a
civilian showman, too, and patrons
of The Barn are likely to accord
Cassin and his partner a royal
reception.

U.N.O. to Adjourn Feb. 9 and Move To United States

Gov. Thomas E. Dewey that no
constitutional bar existed "to ex-
tending, by appropriate legisla-
tion, the privileges and immunities
which will be required if its
(U.N.O.) headquarters are located
in New York.

William L. Hadden, Connecticut
attorney general, told Dr. Gavrilo-
vic that the Legislature in that
state had power to adopt any
necessary laws to enable U.N.O.
to locate there.
The South Dakota offer was
made by Governor Sharpe after he
declared that he was aware of the
committee's instructions to con-
sider only northeastern sites. He
added, however, that the site seek-
ers had been unable to "find what
they need" there.
"We are offering them what
they need," he said.

82nd Anniversary Celebration Set For Agudas Achim

The annual dinner and concert
of Congregation Agudas Achim on
March 24, will celebrate the 82nd
anniversary of the organization.
President Joseph Epstein an-
nounced today.

An elaborate program of festivi-
ties and entertainment for the
celebration was outlined at a re-
cent meeting of the executive
board and members of the Syna-
gogue. Plans for the Program
Journal also were discussed.
"Congregation Agudas Achim
has for 82 years been the fortress
of traditional orthodox Judaism in
Kingston," Rabbi Harold Schechter,
spiritual leader of the con-
gregation declared, "and with the
help of God it will continue to be
the guiding light of traditional
Judaism for the Jews of King-
ston. It will also serve as a lasting
and important factor in the life
and welfare of the community of
Kingston."

Ben Webersky, vice pres-
ident and Louis Ellenbogen, treas-
urer, also enumerated the future
programs and projects which will
be undertaken by both the
Brotherhood and Sisterhood, under
the guidance of Rabbi Schechter.
The executive board also praised
the wonderful work that Rabbi
Schechter has been doing in
unifying the entire membership to
work towards the ideals and prin-
ciples of traditional Judaism.
"The very successful project of
the Sunday Morning Mitzvah and
Breakfast was also commended by
the entire membership. These af-
fairs have served as a spearhead
to bring both young and old under
the influence of synagogue and
communal life."

Po'keepsie Jail Break Foiled by Police Squad

Poughkeepsie, N. Y., Jan. 31
(AP)—Two prisoners in the Dutch-
ess County Jail subdued a guard
and attempted a break last night,
authorities reported, but were
caught by city police on the jail
roof.

Police said Peter Simonovich,
21, of 7710 East 138th street,
New York city, and Irving Med-
lin, 23, of Greensboro, N. C., at-
tacked prison guard Stephen R.
Delancey, 57, as he led them to
their cells.

After knocking down Delancey,
police said, the two men fled
through several trap doors to the
roof of the three-story jail. A
squad of Poughkeepsie police sur-
rounded the jail and trapped the
men on the roof.

Simonovich and Medlin, police
said, were awaiting grand jury
action on burglary charges. Au-
thorities said Medlin previously
had escaped from the U. S. Dis-
ciplinary Barracks at Greenhaven,
N. Y.

Delancey was taken to Vassar
hospital suffering cuts on the arm
and a possible brain concussion.

grand jury recommended that the
matter be heard in City Court on
a third degree assault charge.
There were no bills found in the
matter of The People vs. Frank
Bunce and Robert Brueckner, Wil-
liam Dubois or Anthony Razotto.
A motion to discharge defendants
or exonerate bail was granted.

A charge of larceny was found
against Ernest Faust, a charge in-
volving a Chevrolet sedan. John
Bononi appeared for the defendant
but was unable to be in court and
a plea of not guilty was entered.

Highland Car Case
LeRoy Tammany and Thomas
Spiegel, charged with grand lar-

an accident and damaged the ve-
hicle. John J. Mulvey appeared for
Spiegel and also acted as counsel
for Herbert Davis of Poughkeepsie
who is attorney for defendant
Tammany.

Frank Carlucci and Joseph

Atomic Bomb Hit Teeth
Washington, Jan. 31 (AP)—The
atomic bomb which fell on Naga-
saki literally jarred loose the
teeth of those who survived and
left some with radioactive gold
fillings. It also caused many to
lose their hair, but no one wound
up completely bald. This was re-
ported today by Comdr. Joseph
Timmes of the Navy Medical
Corps who examined some of the
living victims approximately a
month after the bomb blast.

Dewey Submits Largest Budget

Continued from Page One

is apportioned to the Public Works Department, mainly for road repair and maintenance.

Dewey proposed creation of two stabilization reserve funds, as recommended by the Moore Commission. One, for state purposes, would have a reserve of \$12,400,000 as a starter; the other, for local assistance, \$43,800,000. Fifty million dollars of the total would be obtained from the current year's \$177,000,000 surplus.

The funds would not fall below 25 per cent of the last annual expenditures or exceed 45 per cent for local assistance or 35 per cent for state purposes.

When the maximum was reached, the excess collections of taxes would be available for tax reductions. If money were needed to replenish the reserve it would come from additional taxation.

In good times, Dewey declared, the state should build such reserves "to see us through periods of falling revenue."

Dewey estimated that by March 31 the state's net debt would be \$388,000,000, which he said was \$108,000,000 less than three years ago and at its lowest point in 15 years. He predicted the debt would be cut approximately \$360,000,000 by March 31, 1947.

Tax Slashes

Planned tax reductions of \$122,000,000 include a 50 per cent slash in personal income taxes, instead of the 25 per cent voted in the last three years; elimination of the 1½ per cent emergency impost of the corporate franchise tax rate, and reduction of the unincorporated business tax rate from 4 to 3 per cent.

Revenue collections, after these reductions, are expected to total \$558,500,000. Dewey estimated the 1946-47 surplus at \$2,700,000.

The governor asked that about \$150,000,000 from the postwar reconstruction fund be appropriated to help finance the billion-dollar public works program.

The largest single items are \$253,000,000 for highways, parkways, grade crossing elimination, responsibility and Workmen's Compensation.

The legislature's fiscal committees will hold a public hearing on the budget bills at 1 p. m. February 13, in the assembly chamber.

"In undertaking its billion-dollar construction program," Dewey advised the legislature, "the state must avoid competing with private enterprise for labor and materials. It should carry out its projects at prices which are stabilized, not inflated by competition between public and private demands."

The new budget is the first that does not include appropriations for "self-financed" functions because, Dewey said, they "are not a charge against general revenues and should be accounted for separately."

These appropriations, subject to direct assessment, concern state functions related to banking, insurance, racing regulation, safety and canals; \$61,000,000 for construction of mental hygiene institutions; \$16,000,000 for educational buildings; \$22,000,000 for conservation of natural resources and state parks; and \$35,000,000 for the emergency housing program.

Husband Slayer Gets Ten-Year Sentence

Patterson, N. J., Jan. 31 (AP)—Mrs. Geneva Humphrey, 47, former domestic and war worker, was found guilty of manslaughter last night by a Passaic county jury on a charge that she killed her 43-year-old butler-husband, Hugh Edwin Humphrey by running him down with an automobile in Singac last December 7.

The jury of six men and six women, after deliberating four hours and 10 minutes, returned the verdict at 8:30 p. m. Mrs. Humphrey said nothing as she heard the jury pulled, but struggled to hold back the tears.

County Judge Joseph A. Delaney immediately sentenced her to from eight to 10 years in prison.

Polio Committee and Flower Girls

The smile of accomplishment wreaths the faces of committeemen for the Ulster County Chapter's annual campaign for the March of Dimes funds which came to a climax with the annual Birthday Ball last night at the Penguin. Taking bows at the brilliant affair were County Chairman Ray McAndrew.

The Flower Girl Committee which functioned so ably in 1945 was on hand to lend charm and beauty to last night's Birthday Ball at the Penguin. Outlook Dim for Settlement Of Tugboat Strike in Advance

000 workers for a total of 54,000 to date.

The figures do not include the approximately 750,000 C.I.O.-United Steelworkers directly concerned in the strike.

The Ford Rouge plant at Detroit laid off 5,000 assembly line workers on its morning shift today. This in addition to 15,000 sent home last Friday. The Rouge plant still has 50,000 workers left but only a few of these are on assembly.

The Oliver Corp., makers of farm implements and tractors, announced at Chicago it was dismissing 5,200 employees in its plants.

Another 10,000 workers will be laid off tomorrow when the Ford Motor Company closes six plants—at Buffalo, N. Y.; Chester, Pa.; Chicago, Edgewater, N. J.; Louisville, Ky.; and St. Paul, Minn. And by February 8, a total of 40,000 will be out.

The increasing speed of the layoffs lent credence to earlier predictions of business and union leaders that more than 1,000,000 workers in related industries would be forced out of work if the steel strike continues five weeks.

Ford Has Say
Detroit, Jan. 31 (AP)—Henry Ford II, president of Ford Motor Company, was on record today with a demand that government remove price controls to clear the way for the kind of operation that Americans like best—finding a way to make money by beating competition to market with something better and cheaper.

General Motors Strike
Detroit, Jan. 31 (AP)—General Motors Corporation and the C.I.O.-United Automobile Workers planned today to resume their "across-the-table" negotiations in the 72-day automobile strike with the aid of interim "missionary work" by government mediator James F. Dewey.

As G.M. and union representatives prepared for their second get-together renewing negotiations in the longest deadlock in automobile history, they faced both wage and maintenance-of-membership issues which were trashed out last night in statements from both sides.

Sell C-47s to Spain

Paris, Jan. 31—The United States Liquidation Commission announced today the sale of five C-47 transport planes to the Spanish Loyalist Airline at \$25,000 each. A dozen reconditioned or repairable aircraft engines, also were sold to the Spanish airline at \$2,250 each. The State Department previously approved the sale.

Transport Overdue

Denver, Jan. 31 (AP)—A United Air Lines plane en route from Portland Ore. was reported "long overdue" at Denver this morning and a United official expressed fear it had crashed in the downed wilderness with 21 persons. United's District Manager, J. H. Dunlop, said the plane, Flight No. 14, last reported its position over Springfield, Mo., at 2:40 a. m. E.S.T. It was due in Denver at 4:20.

depending upon the option chosen by the city.

Create a county unit plan by action of the board of supervisors.

Elimination of the 20 remaining child welfare boards and assumption of their duties by county welfare departments would be required. Counties also would be required to submit their plans of integration by December 31, subject to approval and annual review, if accepted, by the State Social Welfare Department.

Newspaper Only Warning

Washington, Jan. 31 (AP)—The 1941 naval air commander in Hawaii testified today that he did not learn of a war warning sent from Washington November 27, 1941, until days after the Japanese attacked December 7, 1941. Vice Admiral P. N. Bellinger told the Senate-House Committee investigating the disaster that during October, November and December his only information concerning U. S. relations with Japan and the imminence of war "came from the Honolulu newspapers."

Still No Back Beer

New York, Jan. 31 (AP)—There'll be no back beer this spring. Representatives of the New York State Brewers Association said none of the large national brewing organizations would put any back beer on sale before 1947. They said the amount of malt to be used in brewing beer still was restricted. Back beer usually is made in the fall, aged and then placed on sale in the spring.

Rome, Jan. 31 (AP)—The Army newspaper Stars and Stripes said today that officers and enlisted men of the Air Transport Command at Rome's Ciampino Airfield had complained to Washington that troops had been kept there to rebuild the field for commercial airline use instead of being sent home for discharge.

The paper said the complaints, mailed to congressmen and military authorities, alleged that Italians trained to take over the job a month ago had been discharged when it was discovered

the A.T.C. could hold its Army personnel here.

The complaints also alleged that Army personnel was handling more civilian than military air traffic, the paper added.

Fire in Peekskill

Peekskill, N. Y., Jan. 31 (AP)—A fire which spread through five stores and office buildings in downtown Peekskill last night raged for almost six hours before it was brought under control by men and equipment from all six local fire companies and live from surrounding communities. Peekskill police said five firemen were overcome by smoke but were revived and pronounced in no danger after emergency treatment.

Well, confusion runs riot over many an office these days—with shortages of supplies and reconstruction problems here-deep. But don't take your sorrows to an astrologer — let us call on you. We represent most of the biggest names in the office equipment business, such as:
Royal Typewriters
A. B. Dick Mimeographs
Victor Adding Machines
Friden Calculators
Yawman & Erbe Steel Office Equipment
Art Metal Steel Office Equipment
